Marketing : Ole Møller-Jensen  
Produktion / Production : Morten Buhl Sørensen  
Personale / Human Resources : Jesper Christensen  
Udvikling / Development : Niels Falkenberg

## Products & services

### Nature of business

English

### Company Profile

Danfoss Drives A/S is the world's leading supplier of VLT® frequency converters, soft starters and drive motors. Electronic motor speed and torque control radically improves the efficiency of any AC motor and applications in all industries as well as heating, air conditioning, ventilation and material handling e.g.

This is due to less energy consumption and unsurpassed flexibility in machine design.

The large VLT® family ranges from 0.37 to 1.4 MW.

The company develops, manufactures, distributes, sells and services VLT® electronic motor controls in more than one hundred countries.

The major production and development takes place in the plant in Graasten, besides there is production and development in USA, Asia, Germany and Estonia.

A strong combination of technology and application knowledge combined with a highly sophisticated set-up of product development, supply chain, logistics and on site presence anywhere on the globe is the basis for the success of Danfoss Drives A/S.

Danfoss Drives A/S is a subsidiary in the Danfoss Group
